We offer Class IV Laser Therapy in the comfort of your home in addition to consultations in the use of nutrition, homeopathy, and immune support to help your animal heal and thrive. The healing support modalities we currently offer include laser therapy, classical homeopathy, nutritional support through whole food supplements, and dietary counseling. We offer our services to support your animal's healing and in conjunction with the conventional treatment your animal is receiving through your primary care veterinarian.

All diagnostics including laboratory testing, radiographs, and ultrasounds, as well as emergencies, vaccines, pharmaceutical prescriptions, and surgeries are to be performed by your preferred, local, primary care veterinarian. *Creature Comfort Mobile Laser and Healing Support* does not offer these services.
